"May the God of hope fill you with all joy and peace as you trust in him, so that you may overflow with hope by the power of the Holy Spirit."
(Romans 15:13)

**Dear Brothers,
Prayerful Greetings to you all in the sweet name of the Most Sacred Heart of Jesus!**

Last 10 years our mother nation has faced a lot of friction in the name of the religion and caste. Directly or indirectly I too am reason for these issues. Why I blame myself.. ("The world suffers a lot. Not because the violence of bad people but because of the silence of the good people."— Napoleon). I have once in five years elected the party to govern our Nation, keeping my concerns and priorities in mind I cast vote, which is constitutionally not patriotism.

The right to vote is a fundamental right in any democratic society. It is the cornerstone of our democracy, allowing citizens to have a say in who governs them and how they are governed. The ability to vote is not only a right, but a responsibility, as it ensures that the voices of all citizens are heard and that their interests are represented in the government. The right to vote is not just a privilege, but a basic human right. It is protected by the Universal Declaration of Human Rights (1948) and the International Covenant on Civil and Political Rights (1966). In many countries, the right to vote is also protected by national constitutions.

In India, the right to vote was granted to all citizens over the age of 21 by the Constitution of India in 1950. However, prior to that, the Indian National Congress had been fighting for voting rights for Indians since the early 1900s. India has a long history

of political mobilization and resistance movements that finally led to the Indian Independence in 1947 and the right to vote for all citizens.

However, challenges still remain, such as financing of elections, the misuse of social media, and proxy voting for non-resident Indians. Efforts should also be made to facilitate voting for inter-migrants and to address the entry of criminals into politics. Alternative methods of elections, such as Proportional Representation System, should also be considered. The strength of Indian democracy can be further strengthened when all parties and stakeholders take their responsibility seriously and contribute to electoral reform. Forthcoming parliament election is diehard for the minority of our nation. Each and every vote is a must for the change. All over our nation people are living with unknown fear and threat. Your vote to the right chance may change the situation of our Nation.

Our vote must bring smile in the face of the nation. The Politician who is going to govern must have the spirit of equality to see the people as all are Indians. He must not have in mind and heart, division mentality in the name of religion and caste. He must respect and follow the constitution of India so that, our preamble of the constitution may be realized in practical life.

We have serious challenges in India like worsening water nightmare, Fake news menace, Agrarian Catastrophe, Political arrogance, Flood mismanagement,

Thought of the month

"Do all the good you can, for all the people you can, in all the ways you can, as long as you can."

- Hillary Clinton

Unemployment, Pending Justice, and Poor Policing. So, my vote is going to be the part of a change or remain in the challenges....

While thinking of our nation, I too invite you to think about our province. Our province is going to be in the mood of celebration as she completes 25 years of erection as a province. She is moving from tradition to tradition according to the needs of the time. Let us thank the Lord for all that He has done to our province. He has given well skilled administrators in the past to safeguard our province heritage. He has guided our pioneers to start a new ministry in our province. He has given Spiritual Brothers to carry out our mission and ministry in the right track. So, I invite all the Brothers to say big thanks to our Patron the Most Sacred Heart of Jesus and our founder Servant of God Adrian Caussanel SJ.

We too have our provincial chapter in coming days. We, each and every one know about our strength and weakness. So, the new administration team must have to increase the strength of our province as well reduce the weakness. There are 46 eligible delegates going to participate in the chapter. I pray that the Lord may give them wisdom to journey along with HIS Will.

Let us wish and appreciate all the Brothers who are celebrating their Birthdays and Feast days in this month.

May I also request you to remember in your daily prayers all the Brothers who had rested in the Lord in this month.

Prayer to the Risen Christ

Heavenly Father and God of mercy, we no longer look for Jesus among the dead, for He is alive and has become the Lord of Life. From the waters of death, you raise us with Him and renew your gift of life within us. Increase in our minds and hearts the risen life we share with Christ and help us to grow as your people toward the fullness of eternal life with you. We ask this through Christ our Lord.

- Amen.
