"See, I am doing a new thing! Now it springs up; do you not perceive it? I am making a way in the wilderness and streams in the wasteland." (John 14:27)

**Dear Brothers,
P r a y e r f u l
Greetings to you
all in the sweet and
most precious
name of the Most
Sacred Heart of
Jesus!**

Month of April brings us in our life Christ and Hope. As Christians we are going to experience once again the Passion and resurrection of our Lord Jesus Christ. Our mother church also invites us to renew our Hope in Christ. When we reflect on Easter, the death and resurrection of Jesus Christ, we are reminded of the radical courage He embraced during His time on Earth leading His followers to the truth about their salvation and of the hope He left His apostles to carry forward after His death.

The Battle with Sin on Earth

The beauty of Jesus's resurrection is that He conquered death for our salvation from our sins. He triumphed over the enemy, put evil to shame, and gave us the gift of moving from darkness and sin to the Hope and eternal life. We know that to do this; He suffered greatly, encountered many obstacles and challenges, and was persecuted for his teachings. These were some of the most difficult and darkest times of His life. He was betrayed by one of his own disciples, denied by another, abandoned by his followers, mocked, beaten, and ultimately crucified and buried.

As Religious, we know we'll also face painful challenges and obstacles that may leave us feeling defeated, betrayed, and useless. But even in the face of adversity, we must always remember that we are fighting for something greater than ourselves and that we're never alone in our suffering. Christ stays with us in our pain, reminding us that with every nail driven into our hearts, we're pushed closer to

Him, His cross, and the nails that pierced his flesh and bones. Cling to Him during your darkest moments and trust that He will lead you to discover the meaning of our suffering as He revealed His to us.

With the concept of law and truth shifting from 'what we discover as revealed to us by God' to 'whatever we say it is,' we need Religious leadership more than ever before to illuminate the dark corners of the world with light, truth, and goodness. As Religious, we're called to take the stance and walk the talk. No one said it would be easy. Christ even told us taking up His path would cause division, hate, and persecution, but he also told us to stand up and be who we're called to be.

The Sun Will Rise Again

The resurrection of Jesus is the most important event in our history and existence. When Jesus conquered death and was resurrected with new life, He brought us hope and confidence that we're far more important than we ever dared to imagine. Jesus has no rival and how special is it that He calls us His brothers, and sisters? . When Mary Magdalene went to His tomb and found it empty, she was filled with hope. Jesus had risen from the dead, just as He said He would. As Religious, our Easter message is to never lose hope, even in the darkest of times. We trust that the sun will rise again, our resilience is seen, and our strength lies in the promise of His second coming.

Easter-Inspired Leadership

Not only did Jesus die for our sins, but He defeated death forever. This brings us much hope. Though our lives may be tainted with sorrow, pain, sickness and unwanted diagnoses, death, and betrayal, Jesus' death brings us hope in the midst of the messiness of life. As Religious, we are given the responsibility and privilege that our

THE POPE'S Monthly Prayer Intention For the use of the new technologies

Let us pray that the use of the new technologies will not replace human relationships, will respect the dignity of the person, and will help us face the crises of our times.

Thought of the month

sunshine - and shadows will fall
behind you.

actions have a lasting impact and that our voices can catalyze profound change. We may not be able to defeat death, but we can make a difference in the lives of those around us and bring hope to a culture plagued with anxiety, depression, and hopelessness. It's an invitation for resilience and trust that the sun will rise again.

Lead with Hope

Ask God to fill your heart, mind and soul with the virtue of courage to advance the Kingdom of God in your personal life, in the places where you work, the institutions you lead, and the charities you give. Wherever you feel you have fear, anxiety, worry, or doubt, shatter it and replace it with Christ's radical Hope and courage. Pray for the grace of leading with unshakable Hope.

So many of our Christians embrace the energy of hope at this Easter time, take the best it has to offer and allow yourself to rise above the worries and judgment that have been holding you back. Step into this energy of hope and start fresh in creating the life you want... **RISE ABOVE**

There are always things we think we would go back and change...if we could. The reality is, we can't, and we must accept that we can only do the best we can do at any given moment in time. We can only react to things with the knowledge we have in that moment, and certainly, as we progress in life, we experience more, and we can, therefore, do better. But, should we regret? No, because regret will not serve you or anyone else. All that we can do is to do better now... now that we know better.

We can choose to give unabashed love to those we encounter now and moving forward and in doing so, we heal. We heal ourselves and all others by remembering our Divinity is brought forth into all things... if we only choose to see it. The past is only your perception of it, and if someone, somehow believes that you harmed them, it is their perception of it. Had you known better, you would have done better.

Perhaps there are those you feel were wronged by you in some way, yet they never felt that way. Perhaps it helped them to heal something within themselves because of you or your actions. We will remember that we were created from love, we will return to love and spend the time here remembering love. This is the gift of the resurrection. This is how we Rise Above.

Let us wish and appreciate all the Brothers who are celebrating their Birthdays and Feast days in this month.

May I also request you to remember in your daily prayers all the Brothers who had rested in the Lord in this month.

Easter Prayer

As the world sings triumphant cries to heaven over death that you conquered, help us, Lord, tomorrow as well, when the dresses are put away and the candy is all eaten and on with life we go let us not forget.

The celebration of your resurrection over death is a celebration of life that should continue well beyond the sunrise service and the music, rehearsed for days prior; it is beyond the sign of spring, beyond the lily, beyond new lambs grazing in open fields.

Resurrection is a daily celebration over fear; man's greatest and most powerful enemy. Fear of tomorrow, fear of our yesterdays, fear of what shall become of our young our old our unborn. Resurrection is replacing fear with physical action.

This alone, the most touching and profound of your signs that fear is dead and belief in you brings, not just hope but life.

What better living parable could You have brought? All fear death. All. Even in the garden, You took on our fear if for only moments, it was as real as our fears can be real and You knew then that this single enemy must be destroyed.

And, You sacrificed your life, leaving those who had been comfort, and follower; You left them behind, to conquer fear. I shall cling to this now, and the tomorrows given me. Peace and thanksgiving lifted unto you.

Amen.
